

Baker County

Addendum #4

3/6/2018

RFP 2018-02 4-Year Thinning, Replanting and Timber Sales Mosquito Control Services

ANSWERS TO QUESTIONS:

1. Who handled the 17/18 timber sale for you?

ANSWER: Jowett & Wood under a “one-time” bid award.

2. Reforestation costs are difficult to forecast several years into the future. Seedling costs and other variables change over time. How do you wish for us to forecast future reforestation costs?

ANSWER: We’d like you provide a cost for “today’s” reforestation so we have a baseline to compare each proposal submitted. We understand costs will change for seedlings and other variables over several years.

3. Do you want us to quote prescribed burning fees?

ANSWER: Yes

4. Do you want us to include an hourly fee schedule in case unexpected projects arise in the future, or you decide to change the scope of work by amending the Stewardship Plan?

ANSWER: Yes
