Re: Addendum #2 BID 2022-09 Clarify & Extension

Baker County Addendum #2

BID 2022-09 SHIP Bid 3 New Construction including Well & Septic

Answer to question raised with reference to "Potable" in the well & septic work write up.

Definition = Fit or suitable for drinking.

The County understands there is no legal liability to guarantee potable water, however the County does require good faith measures in place by contractor to establish suitable drinking water.

The due date for this project has been extended from Friday, September 2, 2022 @ 4:00p.m. to Friday, September 9, 2022 @4:00p.m.
